The purpose of the USLA is to establish and maintain high standards of professional surf and open water lifesaving for the maximizing of public safety; to educate the public; to enhance the education of open water aquatic lifesavers and other public safety personnel in beach and open water safety through seminars, training materials and in other ways as may be deemed appropriate; to encourage professional lifesavers to improve their skills by issuing awards, sponsoring competitions and generally promoting excellence in lifesaving; and to actively support the programs intended to improve lifesaving and to promote public safety in the coastal or aquatic environment and related humanitarian causes.

World Health Organization (WHO)

Avenue Appia 20
CH - 1211
Geneva, Switzerland

WEB: <http://www.who.int/en/>

The World Health Organization is the United Nations specialized agency for health. WHO's objective, as set out in its Constitution, is the attainment by all peoples of the highest possible level of health. Health is defined in WHO's Constitution as a state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity.

WHO is governed by 192 Member States through the World Health Assembly.
